REPLY TO WRITTEN OPINION

Sir:

In response to the Written Opinion dated 13 June 2001, please substitute the enclosed replacement pages 2, 3, 8 and 9 for the correspondingly numbered pages in the application as originally filed.

Pages 2 and 3 have been revised and replaced to enhance text clarity and correct format inconsistencies.

Page 8 has been replaced to amend claim 1 to avoid the objection under PCT Rule 66., to generally enhance clarity by providing more consistent antecedent basis, and to better define claim scope.

Page 9 has been replaced to amend claim 5 to eliminate redundancy and claim 7 by incorporating therein the limitations of prior claim 8. New claim 8 corresponds to prior claim 9.

As amended by the enclosed replacement pages, claims 1-8 should all now satisfy the requirements of novelty, inventive step and industrial applicability, consistent with the Written Opinion.

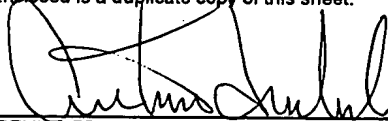

Favorable reconsideration is courteously requested.

Respectfully submitted,

By:
